## **Stalling**

Please use the enclosed form to order your stalls. Several stall options/priorities are available to exhibitors. Exhibitors must select which priority level they prefer and note such on the stall request form.

### **Stalling options are:**

**Priority 1** - Temporary stalls located in Cattle Barn #1, #2 or permanent stalls in Burnett. Temporary stalls may be disassembled (at a charge of \$25.00 per panel) and used to create hospitality areas, farm displays, special exhibits, etc. in conjunction with and adjacent to the stabling of horses entered in the show. Priority stabling offers the opportunity for first choice on favored stabling locations and the option to return to the same location the following year as long as you continue to pay Priority #1 fees. Price \$190.00 each.

**Priority 2** - Permanent metal stalls in the Burnett Building. These **May Not** be disassembled, about 519 stalls. Price \$150.00 each.

**Priority 3** - Temporary metal stalls in the Cattle Barns being used. These stalls may be disassembled but there will be a **\$25.00 fee** per stall panel. Price \$135.00 each.

All stall requests POSTMARKED with completed entry forms on or before Wednesday, August 9, 2023 will be considered equal when drawing for stall locations.

## **Stall Panel Removal**

There is a **\$25.00 fee per panel** for any portable stall panels that are removed during the show.

## **Stall Drawing**

Stall drawings for stall locations will take place Thursday August 31 at 2:00pm at the AMHA office, and stall assignments will be posted online as soon as possible thereafter.

## **Deadline for Stall Drawing**

Requests must be POSTMARKED on or before Wednesday, August 9, 2023 along with entries in the same envelope or emailed together.

Stall assignments will be done as close to exhibitors' requests as possible. However, there are only so many stalls in each building. Management reserves the right to assign Priority 1 Stalls first to those who paid for and occupied them the previous year. After the Priority 1 stalls are fully assigned by management with exhibitors who requested Priority 1 stalls, all other exhibitor requests will be placed in the stall drawing for the balance of the stalls (Priorities 2 thru 3), including those stall requests that could not be assigned in Priority 1.

Criteria to be used in assigning stalls after Priority 1 is:

1/ place in the draw, 2/ priority area requested, 3/ number of stalls needed and, 4/ number of stalls still unassigned in each Priority area/barn. Unless an exhibitor has requested a lower priority (3 is lower than 2), stalls in the drawing will be first assigned in Priority 2, then in Priority 3.

If you wish to be stalled with another exhibitor(s), all exhibitors involved must note such on all individual stall reservation request/entry forms and **ALL SUCH REQUESTS MUST BE SUBMITTED TOGETHER IN THE SAME ENVELOPE, ALONG WITH APPROPRIATE TOTAL FEES. IF ENTRIES ARE EMAILED, ALL EXHIBITORS WISHING TO BE STALLED TOGETHER MUST EMAIL ENTRIES AT ONE TIME. NO EXCEPTIONS WILL BE MADE.** Such exhibitor requests for groups or blocks of stalls will be CONSIDERED AS ONE

when "placed in the hat" for the stall location drawings.

All horses must be stabled and in assigned stalls. Showing from your trailer will not be permitted. Any change in stall assignments must be made and approved by the Show Manager. Anyone using an unassigned stall for grooming, storage, or stalling a horse will be charged a full stall fee for the use of that stall. Anyone not obtaining their stall assignment from the Show Manager or found to be stalling horses in stalls not paid for will be subject to being eliminated from the show by management.

### **Stalls for Exhibitors with Special Needs/COOL**

2023 requirements for requesting Special Needs stalls -

**All areas of the Will Rogers facility are handicap accessible.** Special requests by Special Needs exhibitors will be considered, however, there will not be a separate special needs drawing. Special Needs stabling requests are for exhibitors only, not spectators or other family members.

An exhibitor or trainer requesting Special Needs consideration **MUST** provide one of the following with the AMHA Entry and Stall Form by close of entries date:

1. A copy of the Special Needs exhibitor's Department of Licensing Handicap Parking Identification Card.
2. A copy of a signed letter from the Special Needs Exhibitor's doctor attesting to the individual's Special Needs status.

Information must be for the **EXHIBITORS ONLY**.

Additional letters from your physician may be provided, however, a notation must be placed in the "Other considerations/Comment" section of the Stall Form stating to "see attached note" to have special needs consideration.

### **Stalling/Feed/Stall Bedding**

Stalls, whether occupied by horses, feed, exhibit, or tack, will be available. A limit of two (2) horses per stall will be enforced. One (1) bag of shavings is included in the stall fee.

Complete bedding service is available at the Will Rogers Memorial Center. No shavings may be brought onto the WRMC grounds. All bedding will be delivered directly to the stalls. The shavings office is located in Cattle Barn 4. There is a kiosk where you pay by credit card and the order goes directly to the delivery people. Orders **CANNOT** be accepted over the phone. Orders must be placed in person at the Shavings Office.

Hay and feed is available at the showgrounds by calling Russell Feed Center in Ft. Worth-817.626.8452. Feed and hay items ordered by 2 P.M. will be delivered that same day to the barns at the WRMC. When placing an order, please provide your stall numbers.

### **Round Pen & Round Pen Usage**

Round pens may be set up in certain areas of work arenas and must be approved by and will be under the supervision of Show Management. While being approved by and supervised by Show Management, round pens are under the direct care and maintenance of those individuals putting up. If putting up a round pen, no person may construct a round pen and restrict its usage. All round pens must be available for exhibitors to use.

Round Pen Size: no round pen may be larger than 30 feet in diameter.

Number of Horses: no more than four (4) horses may be worked at any one time, in any round pen on the Will Rogers Memorial Complex during the AMHA World Show.

### **Washing Horses**

**All horses must be washed in designated wash areas. Horses may not be washed on sidewalks, aisle ways or in stalls. The State of Texas prohibits wastewater from entering storm drains.**

### **Health Requirements**

All Texas health requirements must be met. All horses are required to have a TWELVE MONTH negative Coggins test for Equine Infectious Anemia and to have an official interstate health certificate valid within 45 days, giving an accurate description of each animal and signed by a licensed inspecting veterinarian. All out-of-state owners should have their veterinarian research and provide them with proper testing and certificates to attend the AMHA World Championship Show in Texas. In addition, all out-of-state owners should have their veterinarian research the health requirements for returning to their home state from Texas when acquiring their health certificate. **Horses will be permitted to unload prior to the checking of health papers. However, all exhibitors are requested to not bring and unload horses that have questionable health or might possibly be experiencing a contagious health problem. All horses entering the Will Rogers facility must have appropriate Coggins and health certificates. Horses in transit (not showing) must bring their health papers prior to unloading to the Show Office for inspection. Health papers will be checked at the time horses are measured. NOTE- Show Management may refuse permission for exhibiting to those horses that do not have correct/current health papers issued by a licensed veterinarian. The Show Veterinarian may check and monitor any and all horses coming to the AMHA World Show.** State and Federal law prohibits the dispensing of medications by a veterinarian without examination of the animal patient(s) which will receive the medication(s).

If exhibitors anticipate that a horse in their charge will need routine medications for the maintenance of a known illness or lameness or for symptomatic relief of a chronic, previously diagnosed lameness or illness, please contact your local veterinarian and obtain these prior to coming to the World Championship Show.

By law, Texas veterinarians are not licensed as dispensing pharmacies, and are therefore prohibited from dispensing medications in the absence of an examination of the animal for which the medication is needed. A separate examination fee will be charged for each animal, and any medication dispensed will be for the specific treatment of the animal examined. No exceptions will be made.

### **Show Rules**

The 2023 AMHA World Championship Show is covered by the rules and class specifications listed in the AMHA Official Rulebook, plus any special rules and/or regulations outlined in this World Championship Show Premium Book, and/or posted by the show office, and will be conducted and adjudicated in accordance therewith. As outlined in GR-010, knowledge of the AMHA Show Rules and Regulations, as well as the requirements of each class entered, is each exhibitor's responsibility.

### **Hoof Inspection**

Those horses randomly selected for drug testing at the 2023 AMHA World Show will also be subject to a hoof inspection to ensure that no steps have been taken to enhance their movement through artificial means (i.e. weighting of hooves, etc.). At the request of show management, any entry may be subject to a hoof inspection at any time. **Any evidence of the use of an artificial appliance as referenced in GR-040-F shall result in disqualification of the horse exhibited and the designated party responsible for that horse from the show as approved by the Show Rules Committee and the Board of Directors of AMHA.**

## **Drug Testing**

A. The use of stimulants or depressants or any drug affecting the showing of a horse in halter or performance is strictly forbidden. EXCEPTION: The recommended dose of therapeutic medication necessary for treatment of an illness or injury per a written declaration of a currently licensed veterinarian. This declaration must be presented to the Show Management prior to the exhibition of that horse. When a positive drug test is received by the AMHA officials, the hearing procedure as set out in AMHA Rules and Regulations 160-165A will be followed.

B. The rules as outlined below will be followed for the 2023 AMHA World Championship Show. As a condition for participation in the show, every owner, trainer, and exhibitor agrees to submit any horse entered by the same to inspection by a veterinarian appointed by the management and agrees to have such animal submitted to drug test. The Show specifically reserves the right to have tissue, blood, saliva, or urine laboratory analysis made on any horse entered for competition.

1. Refusal of an owner, trainer, or exhibitor to submit his/her horse for examination, or to cooperate with the testing veterinarian or his/her appointee, constitutes a violation of the drug testing regulation and subjects the owner, trainer or exhibitor to the same penalties as if a prohibited substance has been administered. Cooperation includes a polite attitude toward the veterinarian or his/her appointee.
2. The owner, trainer and exhibitor are responsible for a horse's condition and must be familiar with the regulations concerning prohibited substances.
3. If a horse requires a therapeutic medication which an owner, trainer or exhibitor feel might test positive for a prohibited substance, the following procedure should be followed:
  - a. The medication must be administered by a licensed veterinarian or by his/her direction.
  - b. The veterinarian must write out the name of the medication, the diagnosis for which it was prescribed, and the dosage administered and dates and times of administration. If needed, these medication forms are available at the horse show office.
  - c. The horse shall be named, and its color, age and sex recorded on the veterinarian's statement. The statement shall be signed by the veterinarian and the trainer, owner, or exhibitor.
  - d. A written statement signed by a veterinarian must be filed with the Show Manager at least one hour prior to exhibition of a horse in any class. No exceptions!
  - e. The statement is to be signed by the Show Manager and the time and date the statement was received is to be recorded on the statement by the Show Manager.
4. When a positive drug test report is received by the AMHA Officials, the Hearing procedure as set out in AMHA Rules & Regulations 160-15 will be followed.
5. If it is determined after a Hearing that there was a violation, then the owner, trainer and exhibitor will be subject to the following disciplinary actions:
  - a. Forfeiture of all prizes, awards, trophies or title for that particular horse for the entire World Championship Show.
  - b. Publication of the test results, the Hearing Board's findings and penalties in the Miniature Horse World.
  - c. Suspension from showing in AMHA- approved shows for a period of time to be determined by the Hearing Board. This suspension may include the owner, trainer and exhibitor and the horse involved.
  - d. A monetary fine of not less than \$250.00 or more than \$1,000.00 for the first offense.

- e. Any awards, ribbons, trophies or titles forfeited because of the violation of this drug-testing regulation, shall be redistributed to the next horses in line, in order of their placement according to the judges' cards for the World Championship Show.
- f. Notification of the redistribution of awards shall be published in the Miniature Horse World and by mail to the recipients of such awards as soon as possible after the determination by the Hearing Board.

6. To offset the costs of drug testing, a fee of \$20.00 per horse entered shall be charged by the AMHA. This covers drug testing and the expenses associated with having a vet present on the grounds at all times. The Board of Directors as needed may revise this fee for future World Championship Shows.

7. Collection of samples for drug testing at the 2022 World Championship Show will be supervised and completed by the veterinarian staff. Samples will be sent for analysis and evaluation.

Trainers/owners are urged to accompany the testing personnel and the animal during the time that samples are collected, labeled, and sealed, and to serve as witness to these procedures. In the event he or she is unwilling or unable to do so, the trainer/owner is urged to appoint an agent to serve as witness to these procedures. Failure to witness these procedures, and/or failure to appoint an agent to do so, precludes a trainer/owner from subsequently challenging the identity of the horse from which samples were collected, or the procedures employed in collecting, labeling, or sealing the samples.

### **Judging System**

The World Championship Show will use teams of three AMHA carded judges on each panel, all of whom were approved by the Licensed Officials Committee. All three of the judges' cards/scores will be used to determine class winners. If a tie results, the call judge's placings will be used to break all ties. If a tie still results from the first call judge's card, the tabulation moves to the second call judge, then third until all ties have been resolved.

Three of the judges will be selected to judge all Youth classes, three will judge the Amateur Classes, World Championship Hunter Futurity and some Specialty Classes, and remaining three judges will adjudicate all Open Classes, the World Championship Driving Futurities, and the balance of the Specialty Classes. The Halter Futurity classes will be judged by three judges (two from the Amateur Panel and one from the Open Panel). For computer tabulation horses placing under each judge will receive the following points:

1st place - 10 points	6th place - 5 points
2nd place - 9 points	7th place - 4 points
3rd place - 8 points	8th place - 3 points
4th place - 7 points	9th place - 2 points
5th place - 6 points	10th place - 1 point

All classes will be judged once using the computer accumulated tabulation system, mentioned in the paragraph above.

### **Futurity Judging System**

The World Championship Futurities will use a team of three judges. Computer tabulations of judges' cards will be the only method used to determine winners. The call judges' placings will be used to break all ties. If a tie still results from the first call judge's card, the tabulation moves on to the second call judge, then the third call judge, etc. until all ties are resolved and the horses/exhibitors placed. Class results and tabulations will be posted for exhibitor/spectator review as soon after judging as possible. For computer tabulation placings, see "Judging System"

### **Dress/Attire**

Evening sessions and the World Championship Futurities are designated as formal. Appropriate evening formal attire is suggested but not mandatory for all exhibitors. Exhibitors must abide by all attire rules in the AMHA Rule Book.

### **Daily Results Class Sheets**

Daily Results Class Sheets for evening classes may be posted the next morning.

### **Judge Evaluation Reports**

Judges Evaluation Reports will be available in the Show Office, and may be completed on a voluntary basis.

### **Show Breaks**

Exhibitors should note that there are a limited number of daily breaks listed within the show schedule. However, Show Management reserves the right to reschedule these breaks as necessary. Additional breaks or rescheduling of breaks will be announced as deemed proper according to the progress of the show. However, IN NO CASE will sessions start earlier than scheduled within the show class list.

There will be no refunds for missed classes. It is the responsibility of the exhibitor to be on the grounds and ready to show on the day and time of his or her scheduled classes (GR-045-B). **The Show Manager will be the sole person authorized to schedule breaks.**

### **Split Classes**

Class splits for Halter Classes will be determined at the discretion of the Show Manager; however, it is mandatory that all halter classes be split at forty-five (45). Ref: WS-025 – B.

Driving classes will be split by show management for safety according to the class involved and show arena size. Show management will also determine the number of driving horses each judge should select, from each class split, to return for the class finals. Refer to AMHA Show Rules CL-030-E and WS-025-C. If final run is immediately after the splits, the paddock master will separate and send Split A into the ring followed by Split B with the two-minute gate rule being strictly enforced.

The horses in each split will be posted at least one (1) hour prior to the class. Split classes will be divided at random by a computer. **NOTE:** All horses must compete in the split assigned and posted from the computer print out. Horses violating this mandate may be disqualified from competing in the class.

**Note:** At the discretion of the AMHA Show Management the “Final Go” of any split driving class may be shown at a later time in the show, but will be held on the same day of the original class

### **Order of Go**

**At the discretion of the management of the World Championship and Championship Shows, random go orders may be generated by the computer for judging any classes, both performance and halter. Reference: WS-027.** In each class where individual work occurs (Liberty, Hunter, Jumper, Obstacle Driving, Halter Obstacle, etc.) the computer will be used to randomly create an order of go for the class. Exhibitors should obey the established order of go and be at the gate ready for exhibiting their horse when their number is called by the Paddock Master. **Order of go for all Futurity**

**classes will be posted by 9:00 P.M. the evening prior to the class.**

**Two-Minute Gate**

The two-minute gate rule (GR-045-B) will be followed.

**Holding Area/Make-up Ring**

Located near the show ring there are holding areas/make-up rings available before each class. Entries must be ready to compete no less than five (5) minutes before the end of the previous class. Prepare handlers as needed to ensure your entries are in the holding area/make-up ring before each class. No alcoholic beverages will be permitted in the holding areas/make-up rings.

**Tack Changes**

A maximum time period of three minutes after the completion of the preceding class will be allowed for tack changes. Tack changes **MUST BE REQUESTED IN ADVANCE**, or the two-minute gate rule (GR-045-B) will apply. All tack changes must be made in the holding area/make-up ring and must be pre-scheduled with the Paddock Master. All equipment needed to make the change must be brought to the holding area/make-up ring.

**Multiple Hitch Classes-Judging Time**

A time estimate for judging the multiple hitch classes may be made each day they are scheduled. These classes will be judged as close to this time as possible and may be moved within the class schedule.

**Youth Team & Check –in for Tournament**

All Youth entered in Youth classes at the AMHyA World Championship Show are assigned to a Team for participation in the Team Tournament. We encourage the Youth to cheer on and support each other as they compete during their classes. If you have children who will be attending the AMHyA World Championship Show, and are not entered in Youth Classes, but would like to participate in the Youth Activities, PLEASE LET US KNOW by emailing [val@amha.org](mailto:val@amha.org) or calling 817-783-5600. ## **SHOW RULES CLARIFICATIONS**

### **Show Rules Clarification of GR-050 Protests**

After research and review, the 2009 Show Rules Committee has unanimously agreed on the following interpretation of GR-050. The AMHA 2009 Board of Directors voted in agreement with the Show Rules Committee in December of 2009. Effective January 1, 2010, the following paragraph will be strictly adhered to.

Show Rules Clarification of GR-050 Protests:

“An AMHA horse that does not measure within required height constraints for its age group at a show cannot be protested in an attempt for further measurement to enter the show. GR-050 pertains to horses in a show and does not apply to horses that do not meet qualification. Under GR-050 horses that have qualified and been accepted in a show can only be protested one time, per show, for a height challenge.”

### **Show Rules Committee Clarification of GR-020**

At every AMHA Sanctioned Show GR-020 must be posted at the measuring site with a qualifying

statement as follows:

“The Official Show Measurer will not attempt to measure the horse until the handler has set the horse, per Show Rule GR-020, and is positioned near the horse, in a kneeling or standing position, not touching the horse with any part of his/her body, and advises the measurer the horse is ready to be measured. The Official Measurer will then attempt to measure the horse. During the measuring process, if the handler touches the horse, the attempt to measure will be stopped, and the handler will be advised the horse cannot be touched during the measuring process.”

## **2023 Height Protest Rule**

### **WS-028 MEASUREMENT OF HORSES**

**A.** Once show officials have followed the rules for measuring the horse (GR-020) and the horse has been measured, the measurement becomes the official height for that show and is not protestable once the horse enters the ring. The height of the horse will be posted three (3) hours prior to the horse entering the ring. If any horse is shown where measurement was not posted (unless through show management error) in accordance with the above, its height can be protested up to one hour after its class is completed. If a protest is filed, the procedures for protest as outlined in GR-050 must be followed. The AMHyA World Show and AMHA World Show shall be considered separate events but use the same measurement. A horse entering the AMHyA show must be protested prior to its first youth class. At the conclusion of the AMHyA World Show, all results and placings will be considered final. Any horse showing in the AMHA World Show (i.e. Amateur & Open Divisions) will be protestable even if it was shown in Youth, but the protest must be made prior to the horse's first class in the AMHA World Show Amateur/Open Show. Protests made during the Amateur/ Open section of the World Show shall not affect placings in SHOW RULES SHOW RULES the AMHyA youth show. (Amended 11-21, effective 01-22)

**B.** If a horse shows in two (2) different height classes during the World qualifying period and at the World Championship Show the horse measures in the taller height class, the horse must have the required number of points of the taller height class to be able to compete at the World Championship Show. Points may be accumulated and combined in all height classes throughout the World qualifying period to qualify for the higher height class, but may not be used to qualify for a lower height class than the class in which the points were earned. (Amended 07-02, effective 01-03) (Amended 02-07, effective 01-08)

**C.** Beginning in 1998, World Championship and Championship Shows to use measuring stick as described in GR-020-B.

While adjudicating and once a ruling on the dispute has been made, any exhibitor continuing to malign the AMHA via social media, disrespectful behavior, etc. will be considered to be engaging in **Rules & Regulations 135 Intent To Malign** and may be subject to disciplinary action which may include fines, suspension or expulsion.
